¹ The managed portfolio performance represents total return for the periods. Returns have been calculated using the time-weighted method, they assume distributions are reinvested and are after investment management fees and indirect costs. Total and growth returns include accrued distributions, while income return includes paid distributions only. Returns do not take into account tax payable. Individual client returns may vary based on the contributions, withdrawals, and timing differences within the managed portfolio

² The benchmark is calculated based on the average performance from peers in the same multi sector category, as compiled and sourced from Morningstar Direct on 10 December 2021. Performance is as of 30 November 2021 based on approximately 131 funds within the category
