

AMP Australian Property Index Fund

Wholesale Investor (Class O)
Monthly Update for 31 March 2026

Description

The Investment Option holds listed vehicles classified as Australian Real Estate Investment Trusts (REITs) which own property and derive income from rental returns and traded on the Australian Securities Exchange. The S&P/ASX 300 A-REIT Total Return Index (net dividends reinvested) comprises of property securities listed on the Australian Securities Exchange.

Investment Objective

The Fund aims to track the returns of the S&P/ASX 300 A-REIT Total Return Index (net dividends reinvested) before fees and taxes. The Fund may be suitable for investors seeking to invest in a diversified portfolio of Australian listed real estate shares managed with an index approach. The Fund aims to pay distributions half-yearly. You should be aware that although the Fund aims to pay distributions, the amount of each distribution may vary, or no distribution may be payable in a distribution period.

Target Investor

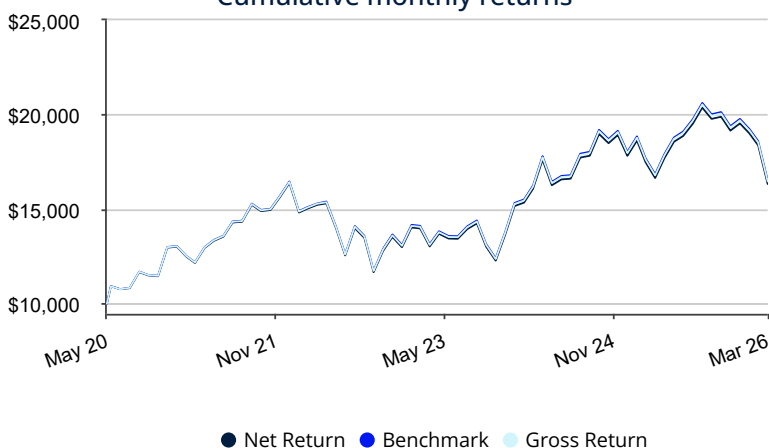

This product is intended for a consumer who is seeking capital growth and potentially some income distributions. It has a very high risk/return profile and is intended for use up to a core component of an investment portfolio. It is likely to be consistent with the financial situation and needs of a consumer with a minimum investment timeframe of 7 years and who is unlikely to need to withdraw their money on less than one week's notice.
