About the manager

Pendal

Pendal is a global Investment Manager offering investors a range of Australian and international investment choices. As of December 2020, Pendal has \$97.4 billion in funds under management. Pendal's core asset allocation process is expected to generate the bulk of the return for each portfolio over the long term. Portfolios are built using longer term investment insights and various proprietary quantitative tools, as well as medium term active asset allocation. Longer term investment insights also takes into account ESG insights and preferences. Pendal has more than 35 years' experience managing dedicated ethical and sustainable strategies.

Consumer Staples	2.7
Other	4.8

Asset allocation data sourced via Morningstar® from the underlying fund manager.

¹ The managed portfolio performance represents total return for the periods. Returns have been calculated using the time-weighted method, they assume distributions are reinvested and are after investment management fees and indirect costs. Total and growth returns include accrued distributions, while income return includes paid distributions only. Returns do not take into account tax payable. Individual client returns may vary based on the contributions, withdrawals, and timing differences within the managed portfolio

² The applicable Benchmark for this portfolio is shown in the Key Information section.
