About the manager

InvestSense

InvestSense is an investment management firm founded in 2014. The investment team have extensive experience in financial markets across investment consulting, portfolio management and investment research. InvestSense's investment philosophy is underpinned by the belief that prevailing market valuations tend to be indicative of final outcomes over long-time periods. By undertaking a forward-looking view of expected returns and implied risks, InvestSense aims to understand if the market is sufficiently rewarding investors for the risks they're undertaking across different asset classes.

¹ The managed portfolio performance represents total return for the periods. Returns have been calculated using the time-weighted method, they assume distributions are reinvested and are after investment management fees and indirect costs. Total and growth returns include accrued distributions, while income return includes paid distributions only. Returns do not take into account tax payable. Individual client returns may vary based on the contributions, withdrawals, and timing differences within the managed portfolio

² Benchmark is based on the Consumer Price Index (CPI) published by the Australian Bureau of Statistics (ABS) as of the current reporting period.
