

WESLEYAN UK SHARES FUND

30 November 2024

FUND OBJECTIVE

The Wesleyan UK Shares Fund seeks to provide capital growth over the medium to long term by investing predominantly in externally managed funds specialising in investment in UK shares. The Fund aims to invest in one or more external funds that are most likely to deliver consistent performance over longer periods. The Fund is currently invested in the Threadneedle UK Equity Income Fund and River & Mercantile UK Equity Smaller Companies Fund.

FUND PERFORMANCE (AS AT 30/11/2024)

FUND RISK RATING

Lower risk 1 2 3 4 5 Higher risk

We rate this fund as Higher Risk/Reward. This means it is suitable for investors looking for the highest returns and who accept investing up to 100% in higher risk assets to achieve this. This means when investments are cashed in there is an increase risk that they may be worth less than the amount invested. It is likely that the value of investments will move up and down.
