

# WESLEYAN MODERATE-HIGH RISK/ REWARD INCOME FUND (CLASS X) ACC

31 May 2025

## FUND OBJECTIVE

The fund aims to provide capital/income growth over a period of at least five years. We measure the success of the fund as outperforming a benchmark over a rolling 5- year period. We do this by comparing the investment performance, after fees and charges, to a composite benchmark which reflects the current risk rating of the fund. This benchmark is a target for the fund. Invested capital is however at risk and there is no guarantee that the objective will be attained over this or any period.

We rate this fund as Moderate-High Risk/Reward. This means it is suitable for investors looking for moderate to high returns and who accept investing mostly in higher risk assets to achieve this. This means when investments are cashed in they may be worth less than the amount invested. It is likely that the value of investments will move up and down.
